Report On Remedial Classes

2016-2017

Remedial classes are conducted in our department for Average and Below Average students to assist them to achieve expected competencies in core academic skills in the subject. The overall attendance of students was 92 % for academic year 2016-2017.

Summary of these classes organized by Department of Botany is as follows-

Program type: Remedial Classes

Schedule: 22 /08/2016, 01 /09/2016 to 17, 20/12/2016

Class: B.Sc. I, II and III

Venue: Class Room and Botany Lab

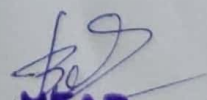

No. of Students Registered: 19

Name of Faculty: Asst. Prof./HOD Sangeeta Yadav , Asst. Prof. Sharda Singh

Objectives:

- Students who have temporarily fallen behind in their studies or otherwise need short-term support in their learning have the right to get remedial teaching. Remedial teaching should be started immediately when the difficulties in learning or attendance have noticed, so that the students would not stay behind permanently in their studies. Remedial teaching can counteract difficulties beforehand. Remedial teaching should be organized according to a plan and as often as is necessary.
- To raise the level of understanding of students in basic subjects to improve themselves for further academic work.

HEAD
DEPT. OF BOTANY
Loyola College
Kunkuri - P.O.
Dt. JASHPUR - 496225, C.C.

Methodology

- Remedial classes are organized on working days after regular class hours.
- A special focus is laid to equip the students to help them perform well in the exams.
- For that we discuss previous years old question papers with students having hard time understanding the subject.
- Specially focused on hard topics which are very difficult to score and understand to students.

Students who have temporarily fallen behind studies or otherwise need short term support in their learning, for those remedial teaching has organized by Botany department of the college. Remedial teaching is started immediately when the difficulties in learning or attendance have been noticed. So that the students would not stay behind permanently in their studies. Remedial classes are organized with a plan. Classes are arranged after the regular collage hours.

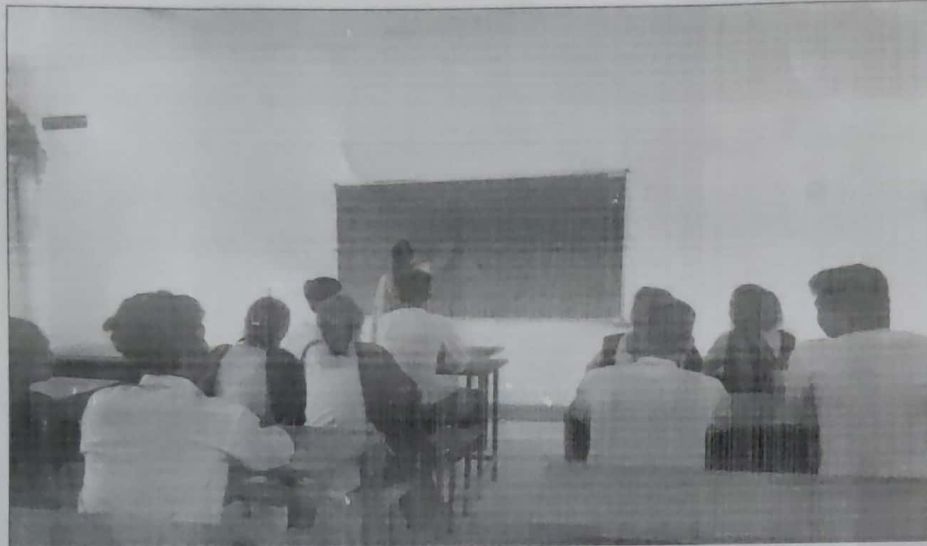

In Remedial classes, we mainly focused or difficult topics which are very hard to understand by the students. We use diverse methods and materials for resolving such a difficult topics by the students. Allow them to discuss among each other on that topic. Allowed them to do Team work. Old question papers are given to the students to solve and to practice. Encourage them to use library to take out the own notes.

From 2019-2020 to onwards we sort out the slow learners and identified them and encourage them to attain the remedial classes. Students also
