Loyola College Kunkuri
Department of Zoology
Report on Remedial Classes
2016-17

Remedial classes are conducted in our department for Average and below average Students to assist them to achieve expected competencies in core academic skills in the subject. The overall attendance of students was 94% for academic year 2016-17.

Summary of these classes organized by Department of Zoology is as follows-

Program type: Remedial Classes

Schedule: 01/8/2016 to 15/2/2017

Class: B.Sc. I, II and III

Venue: Class room, Seminar hall and Zoology lab

No. of Students Registered: 28

Name of Faculty: HOD/Asst. Prof. Miss Reshma Niyariya and
Asst. Prof. Chandrasekhar Prasad

Objective:

- Students who have temporarily fallen behind in their studies or otherwise need short-term support in their learning have the right to get remedial teaching. Remedial teaching should be started immediately when the difficulties in learning or attendance have noticed, so that the students would not stay behind permanently in their studies. Remedial teaching can counteract difficulties beforehand. Remedial teaching should be organized according to a plan and as often as is necessary.
- To raise the level of understanding of students in basic subjects to improve themselves for further academic work.
- Students should be asked individually by Teachers about their preparation and the difficulties students are facing throughout their preparation.

Methodology:

- Remedial classes are organized on working days after regular class hours.
- A special focus is laid to equip the students to help them perform well in the exams.
- For that we discuss previous years old question papers with students having hard time understanding the subject.
- Specially focused on hard topics which are very difficult to score and understand to students.
- We organized extra exam for the weak students.
